

Ecology data: Klöber Canos conference-cantilever chair

Design: Burkhard Vogtherr

Ecological characteristics

Cover materials not glued

CFC-free foam

Use of low emission materials

PAH-free (polycyclical aromatic hydrocarbons)

Use of certified covering materials:

Second nature Recycled (Chicago, Malta)

Öko-Tex Standard 100 (Fame: No. 1076-17401 DTI Denmark, Milano No. 072150.0 Centrocot, Nova No. 10.0.84517 Hohenstein)

EU Eco-label „The Flower“ (Chicago, Fame)

Service

Long life

5 years warranty

10 years supply of spare parts

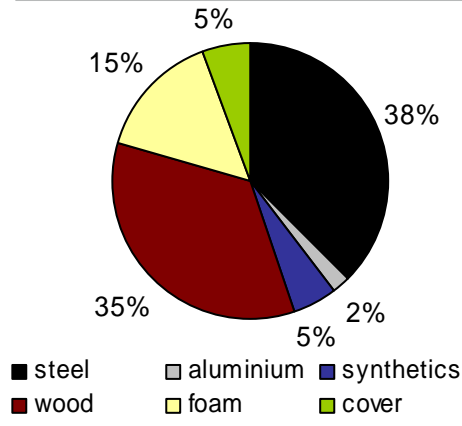

Service friendly exchange of parts

Easy assembly

World wide after sales service

Weight: 12 kg

Materials

Percentage of recycling

| material | Recycled |
|-----------------|----------|
| Steel | ca. 25% |
| Aluminium | ca. 85% |
| Wood | ca. 40% |
| Synthetics | ca. 10% |
| Cover (Chicago) | 100% |

Recyclates in raw materials (average): **approx. 31 %**

Recyclable materials: **97-99 %**
