
A close-up photograph of a black leather office chair. The image focuses on the connection between the black leather seat and the silver metal frame. The leather has a fine, pebbled texture and is stitched along the edges. The metal frame is polished and reflects light. The background is a soft, out-of-focus light brown or beige color.

**Klöber Centeo.
Symbol of sovereignty.**

KLÖBER 

The new **Centeo swivel chair from Klöber** is just made for the head of a company: leather and aluminium combine to produce a remarkable looking chair perfected down to the very last detail.

Design: Matthias Dohm
