# LOOKS LIKE AN OFFICE CHAIR. BUT IT'S REALLY A MICROCLIMATE CONTROL UNIT!

## SPECIFICATION AND FUNCTIONS

### OFFICE SWIVEL CHAIR

**Climate package:**

Heating function in seat and backrest (K100); two power levels, controlled with a rocker switch.

**Point-synchronised mechanism:**

Seat/backrest tilt ratio is 1:4; locking pivot angle (26°) with a choice of 2 positions; patented backrest counter-pressure setting: 45–125 kg.

**Backrest:**

The generously proportioned plastic seat shell features an ergonomically shaped moulded foam, CFC-free cushion (3961).

**Seat:**

A pre-selectable seat tilt and integral wedge cushion ensures a healthy posture with an upright back position; 65 mm CFC-free PU foam cushion (3750)

**Arm supports:**

Height-adjustable arm-supports with width adjustment, black (3545)

**Base:**

Plastic fibreglass-reinforced black, 5-star (3221)

**Castors:**

Load-dependent braked double hard (3101) or soft (3102) castors  $\varnothing$ 50 mm.

**Fabric:**

Chicago, PG04

**Option plus:**

**€ 64.00 plus VAT**

for additional function – seat and backrest **ventilation** (K000)

# DISCOVER A NEW DIMENSION OF COMFORT, AT THE TOUCH OF A BUTTON

## 9 GOOD REASONS FOR KLÖBER KLIMATECHNOLOGIE:

### 1 Working temperature in the office

Optimising the seat temperature promotes productivity and comfort in the office. There's proof.

### 2 Press a button to get comfortable

The heating and ventilation functions have two settings – so you can find your individual comfort temperature.

### 3 Absolute freedom of movement

Thanks to its cable-free rechargeable e-battery with charging display. Ideal for every workstation.

### 4 A real bundle of energy

“Overtime-friendly” thanks to a battery running time of up to 16 hours. Charging time approx. 4 hours.

### 5 Intelligence included

The climate function automatically switches off when you stand up. This leaves you free to think about other things.

### 6 All-round climate control

The heating and ventilation functions are effective in the seat and back areas for maximum thermal comfort.

### 7 Sitting pretty

Klimatechnologie is a creation by Klöber, the specialist in top-quality office seating.

### 8 Wellness at work

The “heat application” allows you to feel relaxed and has a positive effect on your health.

### 9 Visually discreet

The Klimatechnologie is concealed inside the chair so that you don't notice it until you use the heating or ventilation functions.
